- Aloe Vera cleanses and purifies
- Unicity Nature's Tea cleanses and nourishes the digestive system

PRODUCT INFORMATION

With three science-backed products in each system, Unicity Cleanse is a month-long regimen aimed at purifying the digestive tract, removing unwanted bacteria and organisms, and improving digestive regularity.

LiFiber helps clear the colon of toxin and waste, Paraway Plus aids in eradicating pathogenic organisms. Aloe Vera and Nature's Tea increase regularity with a gentle laxative effect.

Every Unicity Cleanse pack comes with:

Unicity LiFiber

The soluble and insoluble fibers in LiFiber creates a viscous gel when digested. This gel easily traps toxins and waste and aids in their speedy exit from the body.

Unicity Paraway Plus

A patented blend of herbs containing great antifungal, antimicrobial, and anti-parasitic qualities eliminate harmful organisms from the digestive tract.

Unicity Aloe Vera

With great healing, antimicrobial, and laxative qualities, Aloa Vera helps cleanse the colon and intestines.

OR

Unicity Nature's Tea

Cleanses the digestive tract with a blend of senna leaf, buckthorn, peppermint, and other herbs.

SCIENCE

A low-residue diet causes a gluey state that cannot be efficiently processed by the intestines. The colon is the solid waste management organ for the entire body, and mucous and rubber-like waste can easily adhere to the colon walls.

The colon is the easiest breeding ground for microorganisms, some of which may be harmful. The latest estimates show that over 90 percent of disease in America is related in some way to an unhealthy colon. Headaches, skin blemishes, bad breath, fatigue, and joint distress can be linked to a congested colon. In addition, colon and bowel problems are a big factor in early aging.

When waste backs up, it becomes toxic and then releases the toxins into the bloodstream. Other elimination organs become overburdened in their detoxification duties, and it's easy to see why health problems begin. Cleansing your colon lightens the toxic load on every part of your body. In fact, hardly any healing program will work without a colon cleanse as part of it. Real healing takes place at the deepest levels of your body: your cells.

All your cells are fed by your blood. Some of the nutrients that reach your blood get there by the way of the colon. So a clogged dirty colon may mean toxins in your blood. Fiber's significance comes from its ability to move food through the digestive system quickly and easily.
